ASK FEDERAL AID GOVERNMENT TO BACK UP SAN FRANCISCO IN BUILDING

Food Supplies and Cash Running low
is the report of the Committee in Charge

SAN FRANCISCO, May 1.—James
D. Phelan, Chairman of the Municipal
Finance Committee, today gave the
following statement to the Associ-
ated Press:
"The Demands upon the Finance
Committee are very great and we do
not see how we can meet them if the
present conditions continue. There is
no money in the community in cir-
culation. The banks are closed because
they dare not open their heated vaults,
and when they do open them they will
probably pay out slowly, as they real-
ize upon their assets. They expect
next week to cash the checks of well-
known customers to the extent of
\$500 each. That measure will help in
a small degree the resumption of
business. There is a sufficient food
supply in sight for the present. But
the great problem before us is how
to provide for the absolutely desti-
tute, for the sick, the old, the children
and all other dependent persons.
\$1000 a Day for Hospitals
"The means of support of the hos-
pitals, orphanages, religious and char-
itable associations of all kinds are ab-
solutely cut off. The local Red Cross
estimates that \$1000 per day is neces-
sary for the hospitals. To set these
institutions on their feet will be the
work of years because the local peo-
ple are unequal to the task of support-
ing such institutions and at the same
time meeting the demands of their
own household and business and the
necessary rebuilding of stores and
homes and ordinary taxations for pub-
lic purposes.
President Roosevelt has called on
the war and navy department to re-
port the names of the officers and en-
listed men of the marine corps and
army who displayed special gallantry
in checking the San Francisco fire
by the use of dynamite with a view
to reward and recommendation.
SAN FRANCISCO, May 1.—A
plan is now under discussion here by
which it is hoped to secure \$200,000-
000. Briefly, the purpose is to secure
the guarantee of the United States
upon bonds to that amount which

shall form a mortgage on the new
construction. It was brought forward
by former Mayor Phelan at a meeting
held today, at which were present
Congressman Julius Kahn of the
Fourth California District, Charles S.
Wheeler and Banker S. G. Murphy.
Mr. Phelan later made the following
statement.
"The purpose of this meeting was
to discuss means of providing capital
for the rebuilding of the business
houses of San Francisco. It is esti-
mated by the underwriters that we
have suffered a loss of \$200,000,000.
This is for the most part represented
in the destruction of buildings by fire.
It is impossible that without delay
new structures should go up on the
ruins of the old. Now, with the best
will in the world, there is not sufficient
money in San Francisco to do this,
and we must look for it elsewhere. If
we have to borrow it through the ordi-
nary banking channels we will have
to pay 4, 5 and perhaps 6 per cent,
which, added to the increased taxation
we will undoubtedly have to bear, will
be a burden too great for us to carry.
It is the idea, therefore, to frame leg-
islation, which Congressman Kahn
will be asked to present to Congress,
requesting that the United States guar-
antee our bonds. With this guarantee
we will be able to go into the finan-
cial markets of the world and borrow
at 2 or 2 1/2 per cent the \$200,000,000
we need. These bonds should run for
not less than fifty years. The pro-
ceeds of their sale would be loaned on
the security of the realty and the new
construction; in other words, they
would constitute a mortgage on the
best portion of the new city.
"Such legislation would not be alto-
gether new in the history of Congress
it would be a repetition, with some
unessential differences, of the meas-
ures that enabled the building of the
Central Pacific and the Union Pacific,
or of the more recent measure passed
in order to enable the building of the
old system of the railways in the
Philippines. It would be as amply se-
cured as they."

Next year the battalion of cadets
of the State University will use the
regular United States Springfield rifle
caliber 30, in its drills.

Besides food and clothing the
people of the little town of Wells,
Elko county, contributed \$400 in con-
tribution to the relief fund.
